

VICTORY VILLAGE

Jinja, Uganda

Building disciples.
Raising leaders.
Transforming the world.

VICTORY
— VILLAGE —

OVERVIEW

Imagine a place where children who have known hardship discover hope, purpose, and the opportunity to change the course of their lives. Victory Village is more than a school; it is a Christ-centered community where children from families with significant financial need will be equipped to become the leaders God created them to be. Through exceptional academics, intentional Christian discipleship, and a nurturing family-style environment, students will gain the knowledge, character, and confidence to break cycles of poverty, strengthen their communities, and influence the future of Uganda for generations to come.

At Victory Village, every child will be known by name, loved like family, and challenged to reach their God-given potential. With small class sizes, caring teachers, safe dormitories, project-based learning, leadership development, agriculture, entrepreneurship, and practical life skills, students will be prepared not only to earn a living but to lead lives of purpose and service. We believe education can transform a child, but when that education is rooted in the love of Christ, it can transform families, communities, and even a nation. Together, we aren't simply building a school; we're investing in a generation of disciples, leaders, and world changers.

WHY JINJA?

Jinja is more than the location of Victory Village; it is a place of tremendous opportunity. As one of Uganda's fastest-growing regions, Jinja is home to expanding industries, agriculture, tourism, and education, making it an ideal place to prepare young people for meaningful careers and leadership. Its central location also allows Victory Village to serve children from surrounding rural communities where poverty often limits access to quality education and opportunity.

By establishing Victory Village in Jinja, we are investing where today's children can become tomorrow's leaders. Our vision is to equip students with a Christ-centered education, practical life skills, and the confidence to solve real problems in their communities.

We believe these graduates will become teachers, entrepreneurs, healthcare professionals, pastors, farmers, engineers, and business leaders who will strengthen families, create opportunities for others, and help shape the future of Uganda. Jinja is where that vision begins but our prayer is that its impact will reach far beyond its borders.

PROGRAM COMPONENTS

- **Victory School:** A Christian primary and secondary school offering day and boarding education with low student-teacher ratios, strong academics, specialized leadership training, and spiritual development.
- **Village Dormitories:** Family-focused living in a loving and safe environment. Each dorm will have 12 children of multiple ages living together with a caring dorm mother. Children will experience a safe and nurturing environment to grow up while in school.
- **Victory Retail:** An on-site retail shop to sell products made by Victory students, income generation projects, and to reinforce entrepreneurial training and leadership.
- **Ministry Center:** The multi-purpose hall will host worship services, discipleship classes, Bible clubs, and community outreach, forming the spiritual heart of the village.
- **Trauma-Informed Approach:** Our staff and teachers will be trained and equipped to recognize the effects of trauma in students and trained in how to best counsel and nurture students from difficult situations.

ORGANIZATIONAL BACKGROUND

Victory Children's Outreach (VCO), a ministry of Digital Discipleship (a 501c3 organization), has been serving children and families in Uganda since 2022. With 110 child sponsorships, discipleship programs, and partnerships with local churches and schools, VCO has a proven track record of effective ministry and stewardship.

SUSTAINABILITY PLAN

Victory Village is designed not only for immediate impact but also for long-term sustainability. Here's how we plan to ensure that the project thrives for years to come:

1. Income-Generating Activities: Retail shop revenue, contract work from vocational units, and sale of produce and goods.
2. Child Sponsorship: All students will be under our current sponsorship program (\$50 per month)
3. Staffing Model: Mix of mission-supported staff and local professionals with intern pipelines.
4. Partnerships: churches, ministries, and donors.
5. Transparency and Accountability: Annual impact and financial reporting.
6. Contingency and Maintenance: 10% fund for flexibility and long-term building care.

CALL TO ACTION

Our vision is anchored in Romans 8:37: “In all these things we are more than conquerors through Him who loved us.” We believe every child, regardless of their circumstances, can live a life of purpose and victory, using their God-given gifts to transform the world.

Victory Village will be more than just a school; it will be a launchpad for transformed lives, renewed families, and empowered leaders. We invite you to join us in laying a foundation that will last for generations, both physically and spiritually.

Together, we can build a future of victory.
